

New Lunch Menu at Bushido

A brand new lunch menu is being launched at one of the island's favourite eateries, Bushido.

The Executive Chef Chong Yoong Kiong and his team have painstakingly come up with a special new menu for daily lunchtime. The three course set menu includes a variety of 16 healthy and flavoursome dishes. You have a choice of grilled salmon, teppanyaki chicken and chargrilled lamb kofta. All the dishes are served with steamed rice and green tea. Finally a lunch to look forward to, so better get queuing!
