

WE LOVE THE RELAXING ATMOSPHERE AT BUSHIDO, AND THEIR SHISHA IS ALSO VERY GOOD!

BUSHIDO

This is where the cool and sophisticated go for chill out time. The Shisha Lounge at Bushido attracts a mixed young crowd of men and women and is open from 12noon until 2am (last Shisha orders at 1.15am). The Lounge serves high quality Shisha in almost all flavours — we love the grape, cherry and orange, which you'll find on the extensive shisha menu that includes other flavours like saloom, zagloul, mint, double apple, lemon mint, lemon, banana, melon, mango, strawberry, berries, and fakhfakhina, to name but a few. You can also enjoy Bushido's "Giant Shisha" (served using a

whole Pineapple or Melon) too. Guests are welcome to order snacks from the Bushido bar, and there really is a fab choice of culinary treats, including dishes from the robata grill, sushi, sashimi, rolls and desserts.
